"The man who stops advertising to save money is like the man who stopped his clock to save time."

Thomas Jefferson

In these challenging times continued exposure and networking of your business is critical. Advertising in your Chamber publication has even more advantages. A national study recently conducted showed, "consumers are 63% more likely to buy goods and services in the future from a company that they believe is a member of the local chamber" and "they are 44% more likely to think favorably about the business." Thank you in advance for your support.

Sincerely,

Steve Falk
President and CEO
